

# 15D21-U

Country Of Origin: Mexico

## Brand Features

Rhino-Hide Single Pole Cam-Type Connectors are designed for easy assembly and disassembly without special tools. A thermoplastic screw is used to tightly secure the contact inside the insulating sleeve, making assembly, disassembly and field repairs effortless. The plugs use plastic locking and reinforcement rings molded into insulating sleeves and receptacles ensuring the integrity of the connection. Under severe stress and load conditions, these rings will not melt, break or crack. They are available in 8 standard colors for easy phase identification.

**NOTE: A complete catalog number requires that you append the color suffix to the base number as follows: W (White), E (Black), H (Brown), R (Red), B (Blue), O (Orange), G (Green), Y (Yellow). For example, to order a white plug the catalog number would be 15D21-UW.**

## Item Description

Rhino-Hide 15 Series Male Plug, Contact & Insulator, Cam-Type, Detachable, Single Set Screw Termination, #8 - #2 AWG, 150 Amp Max, Type 3R "While-in-Use".
