## Data sheet 6GF3540-8EA02-0LL0

| | |
|---|---|
| **product type designation** | **MV500 E-focus C-mount lens, 16 mm** |
| product description | C mount lens, 16 mm focal distance with electronic focus, set aperture 8 |

E-focus lens 16 mm only for MV500 devices MLFB: 6GF3540-0CD10, -0GE10, 6GF3550-0CD10, -0GE10; 6GF3560-0LE10; EDMUND lens with liquid lens focal length 16 mm; focus electrically adjustable; fixed aperture; scope of delivery: lens, counter ring and cable.

| | |
|---|---|
| product brand name | SIMATIC MV |
| Technical Product Detail Page | https://i.siemens.com/1P6GF3540-8EA02-0LL0 |
| suitability for use | Swappable lens with C-mount connection |
| suitability for operation | lens for MV500 |
| **electrical data** | |
| number of electrical connections | 1 |
| type of electrical connection | Internal plug-in connector |
| **mechanical data** | |
| color | black |
| **ambient conditions** | |
| ambient temperature | |
| ● during operation | 0 ... 50 °C |
| ● during storage | -30 ... +70 °C |
| ● during transport | -30 ... +70 °C |
| **design, dimensions and weights** | |
| height | 41.6 mm |
| diameter | 35.55 mm |

| **Security information** | |
| security information | Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly |
