## Renu® USB Charger/Tamper-Resistant Duplex Receptacle

### The latest addition to the Renu family of products.

The Renu® USB Charger/Tamper-Resistant Duplex Receptacle is the smart way to update the look of any room while enjoying the latest charging technology. Keep all of your favorite electronic devices charged and running – all in a snap! This innovative device combines fast, efficient charging power and the color versatility of Renu, turning your electrical wiring device into a decorative, easy to change accessory.

Renu devices feature faces which can be snapped on and off easily to update the color and create a new look for any room in the home. The latest addition to the Renu collection of switches, dimmers and receptacles, the Renu USB Charger/Tamper-Resistant Duplex Receptacle is available in 20 popular colors to blend in or contrast with a room's walls or trim.

The Renu USB Charger/Tamper-Resistant Duplex Receptacle has the capability to charge two USB powered electronic devices utilizing its two USB Ports, leaving the two Tamper-Resistant Receptacles free for other uses. The device uses smart chip technology to recognize and optimize the charging requirements of individual smart phones, tablets and more for efficient charging every time. Strategically placed vertical USB Ports provide generous room to insert and maneuver charging cords and adapter-free charging eliminates unsightly clutter contributing to a neat appearance on countertops, desktops or wherever users choose to charge.

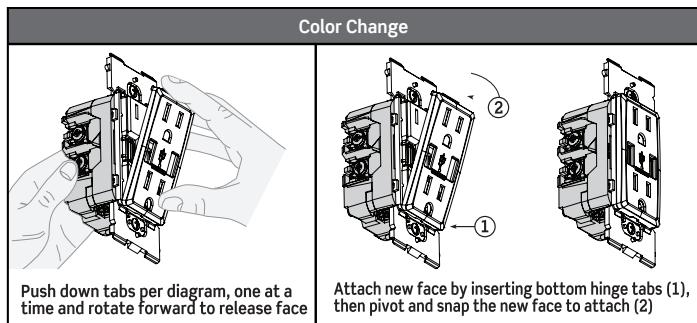

Shown with Renu screwless wallplate  
sold separately
