| 7.1 lb                   | Eaton Selling Policy 25-000, one (1) year from the date of installation of the Product or eighteen (18) months from the date of shipment of the Product, whichever occurs first.                            |
| <b>Certifications</b>    | <b>Catalog Notes</b>                                                                                                                                                                                        |
| IEEE Std. C37.41         | Mountings are no longer available for BA refills, but a limited range of replacement fuse holders are still available. New and replacement applications should use RBA fuses that have superseded BA fuses. |

## Product specifications

### Type

DBA1

### Amperage Rating

15 E

### Class

Class E

### Maximum voltage

72 kV

### Voltage rating

69 kV
