

On-Q
Single Gang Hinged Bullnose Wall Plate, White
Part No. WP9001WH

The Bullnose Wall Plate is a unique cable management solution designed to keep your low voltage cables organized and out of sight. Its innovative hinged design offers four distinct configurations, allowing for flexible routing of cables inside the wall. Simply turn and snap the scoop to achieve your preferred setup. This versatile wall plate is perfect for maintaining a clean and professional look in any room.

Features & Benefits

Conceals cables inside the wall behind flat panel TV, amplifier, or other audio/video devices

Hinged scoop allows for flexible routing of low voltage cables into and out of the wall

Ideal for cables with large A/V connectors

Conceals up to six cables

Available in White, Black
