FORM C POWER PACKS

A120/277C-P

120 & 277V versions

All models
Plenum Rated

Form C models
UL rated with
snap-in installation

DESCRIPTION

Wattstopper has several power packs and power supplies that fill the needs of a variety of special applications. These products help to make lighting control installations more cost efficient and flexible.

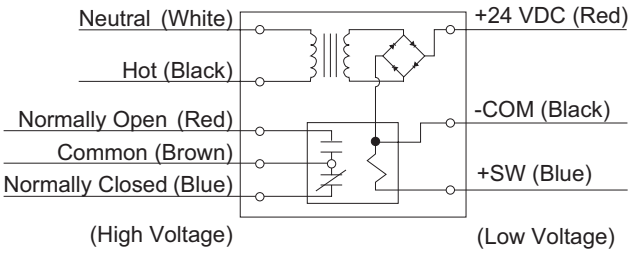

FORM C POWER PACKS

The Form C power packs contain a single pole, double-throw isolated relay with a normally open and normally closed output. These power packs can be used with a standard occupancy sensor to interface with HVAC or other systems. Special attention needs to be made to the load ratings as they vary and are significantly lower than standard power packs.

SPECIFICATIONS

- Up to 100 mA of 24 VDC power before relay is connected; 64mA after relay is connected
- Secondary voltage of 24 VDC
- UL rated 94V-0 plastic enclosure with snap-in installation
