

Wiremold Evolution 4AT Series 4 Pre-Pour Poke-Thru Sleeve Part No. 4PPS

Designed for retrofit and new construction, Evolution Series 4" Poke-Thru devices provide convenient access to power, communications, and audio/video services recessed below floor level - providing maximum device protection. 2-gangs of capacity allow you to configure services for the needs of your space. Evolution Series 4" Poke-Thru devices are the perfect fit for kiosks, training rooms, classrooms, healthcare facilities or commercial buildings with open-space architecture.

Features & Benefits

Designed for retrofit and new construction, Evolution Series 4" Poke-Thru devices provide convenient access to power, communications, and audio/video services recessed below floor level - providing maximum device protection.

Recessed Devices: All power, communications and A/V devices are recessed below floor level, providing maximum protection and device longevity.

6 Finishes: Evolution Series Poke-Thru Devices are available in six finishes to seamlessly match your environment.

Plug Load Control up to 30 Feet: Tested with Pass & Seymour® Wireless 2 Hour Fire Rating: Evolution Series Poke-Thru RF receptacles to control plug loads up to a distance of 30 feet when the cover is closed.

2-gangs of capacity allow you to configure services for the needs of your space. Evolution Series 4" Poke-Thru devices are the perfect fit for kiosks, training rooms, classrooms, healthcare facilities or commercial buildings with open-space architecture.

Works with a variety of poke-thrus: Compatible with 4AT poke-thru devices and all 4" core-drilled surface style poke-thrus.

Unique Cover Design: The cover opens a full 180 degrees with sliding doors to keep wires, connections and people safe.

Open System for Expanded Compatibility: Accepts industry standard power, communications and A/V devices from most manufacturers including Legrand AVIP, Extron® and more.

Specifications
